War office
Bureau of Chief of Staff.
Cairo Egypt. 25th May 1871.

General Loring
Comdg Corps &c &c
Alexandria.

General.

The application of Captain Morgan for permission to resign, with your favourable endorsement, was, on its receipt translated and laid before His Excellency the Minister of War, and by him before His Highness the Khedive.

The following are the orders of His Highness the Khedive on the subject.

It is evident that the service of an officer who has had one years experience in the country are more valuable to the Government than those of one who has no knowledge of the Country and people, - Yet as Captain Morgan is very desirous of leaving, permission is given for him to apply through the regular channels for a leave of absence sufficient to give him three months in the United States.

If at the termination of that period Captain Morgan shall continue in the same mind, his letter of resignation will be accepted, should he change his mind and wish to return he will have only to return at the expiration of his leave and refund for debts.

Respectfully, I am Dear Sir, your obedient
Stone. Chief of Staff
